Free and low-cost health services offered at 14 sites in November

In November, the Sarasota County Health Department's Health In Motion Mobile Medical Unit staff will provide free and low-cost health services at 14 sites around the county. In addition, the Health In Motion staff will participate in a health fair on Friday, Nov. 19, from 11 a.m.-4 p.m. at the Sandra Sims Terry Community Center, 509 Collins Road, Laurel. The event will focus on screening individuals for high blood pressure and diabetes. Health education will be provided, along with health care provider referrals when indicated.

The health fair in Laurel will be in lieu of the usual health services offered on the third Wednesday at this location in conjunction with the United States Department of Agriculture (USDA) food distribution program.

The regular services offered by the Health in Motion Mobile Medical Unit include diabetes education and screening, blood pressure tests, pregnancy testing, HIV and tuberculosis testing, adult immunizations and health education. The staff also assists individuals who lack medical insurance and do not have a health care provider to find a medical home for ongoing health care.

No appointment is needed. Some services are free, including HIV rapid testing with results in 20 minutes. Other services offered at other locations are on a sliding fee scale based on income. Licensed volunteer physicians from the Senior Friendship Centers provide basic medical care when the mobile medical unit is at the Salvation Army in Sarasota. A registered nurse is available at all sites.

The following is a schedule of dates and locations for the mobile unit:
